

Graduation ceremony

of the "Water for All" Advanced Master - OpT

Sylvain Usher - session 2023-2024

On Friday March 15 at 3:30 pm, the graduation ceremony for the 9^{ème} promotion of the AVANCED MASTER "Water for All" - OpT - Sylvain Usher class took place.

From 20 countries, 38 new managers graduate for the future of water worldwide!

Mr Laurent BUISSON - Managing Director, AgroParisTech

"We may be a French institution, but we are obviously committed to our mission of developing international relations, and your presence here today is a clear illustration of this. An important part of the world is here this afternoon".

Mrs Sabrina SOUSSAN - Chairman and CEO of SUEZ and Chairman of the SUEZ Foundation

"This is a very important event for me. Through the SUEZ Foundation, we have been involved in and funded the Chair for nearly 15 years, and we obviously want to continue. It's very, very important.

Mrs Madeleine PORTMANN - Deputy Manager
Water and Sanitation division of the French Development Agency

"This conviction has led AFD to support the Chair since its creation in 2009, and we see it as an important lever for the sector's development. It's thanks to the Chair that the pool of managers in the sector grows every year".

M. Rémi TOURON - International Cooperation Officer - French Water Agency
Rhône Mediterranean Corsica

"It's always a pleasure to welcome auditors from the "Water for All" Chair to Lyon. It's an opportunity to exchange views on water, to discuss services and their management, and to talk about adapting to climate change. These are always fruitful and enjoyable exchanges for us.

Sylvain USHER - mentor,
encouraged the senior staff
"To become leaders in their companies by rising to the highest level, that of Managing Director".

The 4 representatives of the graduating class spoke on behalf of the entire Sylvain Usher promotion to express their feelings at the end of these 14 months, which have been very difficult both personally and professionally. They are proud of their success, but aware of the heavy mission that falls to them even more so today. They see themselves as one big family, and will continue to support each other as they tackle the water and sanitation challenges that await them in their country. They did not forget to mention their colleague Mrs. Lobga, who had to give up for family reasons, and Mr. Al Khatib and Mr. Shaheen, who are unfortunately unable to leave Palestine.
